INTRODUCTION

Charity commissioner office (CC Office) is a part of legal department of the government of Gujarat. Primary work of CC Office is to register and maintain details about a public trust in the state as per the Bombay Public Trust Act, 1950. It also deals with all kinds of judicial matters pertaining to public trust. CC Office interacts with legal department, various courts and other government departments as and when required.

Functions of this office have been divided into four region and thirty district offices. For the ease of administration, all offices are divided into few branches viz. Judicial, account, administration general (AG), official trustee (OT), treasurer of charitable endowment (TCE), law, assessment, inspection, general administration.

INTEGRATED INFORMATION TECHNOLOGY SYSTEM (IITS) - CHARITY DEPARTMENT

**TRUSTS' ANNUAL
ACCOUNT ASSESSMENT,
SCRUTINY PROCESS IS VERY
TIME CONSUMING AND
ERROR PRONE TOO.**

THE PROBLEM

District offices are controlled and monitored by region offices. Region offices are controlled and monitored by head office. Head office is controlled and monitored by legal department, government of Gujarat. It is very difficult to get information like status wise trust application, category wise trusts, deposit / investment of trusts, pending annual account from trust, assessment, scrutiny of thereof, contribution request, out standing contribution, PTA fund, category wise status of judicial application, status of objection application, tracking of changes of trusts' assets, status wise court cases. It is very difficult, tedious and time consuming process to generate correct / accurate summarize reports pertaining to said information at region and head office. Physical data / documents movement is time consuming, Trusts' annual account assessment, scrutiny process is very time consuming and error prone too. Finance related transactions' reconciliation process is tedious and takes too much of time. Common information sharing and distribution takes good amount of time and manpower.

SOLUTION

As an effort to overcome above mentioned problems, legal department has decided to go for Integrated Information Technology Solution for charity organization office which has been named as IITS - CO. IITS-CO has been conceptualized to provide single integrated solution to charity commissioner offices which can help in to better management of activities and functions performed by various regional and district offices.

Looking to the different aspects of business process and requirements of CC office and considering existing IT infrastructure IITS-CO has been developed as fully browser based application which covers and integrates functionality of 30 locations of CC which includes Head Office, various regional and district offices located in various districts of Gujarat. These offices are connected by Gujarat State Wide Area Network (GSWAN).

BENEFITS

With the help of IITS-CO, Charity commissioner is able to achieve following benefits:

- ✓ Complete data integrity has been achieved as IITS-CO is integrated common solution for all locations and offices including head office which share common data.
- ✓ Better productivity has been achieved as lots of duplication of work can be removed and routine reports and registers can be generated using the system.
- ✓ Integration between various branches and locations with reusability of common data.
- ✓ Sr. management is able to implement effective management strategies as IITS-CO provides comprehensive MIS which help in decision making for management.
- ✓ MIS / EIS reports are easily available at great speed and with all the accuracy.
- ✓ Considerable cost cutting has been achieved as activities and records are monitored and managed better.
- ✓ Transparency of information across all offices at various levels.
- ✓ Easiest management by centralized single point application which will allow any client to connect easily with minimum or no installation required at client computer.
